## THE SALT LAKE HERALD.

## AN EPIDEMIC OF SMALLPOX

Mistaken For Manila Itch, It Spreads Over Salmon City.

BUSINESS AT A STANDSTILL

DR. C. M. GARRISON HELPS CHECK THE DISEASE.

this city, the quarantine which this state has been maintaining against Lehmi county, Idaho, has been raised. Dr. Garrison returned to Salt Lake yesterday. He says that on arriving at Salmon City he found the physicians there had diagnosed the cases of smallpox as Manila itch. When they learned of his presence in town they announced that smallpox was raging. Dr. Garrison found, instead of there being fifteen cases as reported. there being fifteen cases, as reported, there were at least fifty people suffering from that disease, and they are still ill. There have been two deaths, a man and a woman.

man and a woman.

No efforts at quarantining the town had been made, and people with smallpox postules on their faces and bodies were walking around the streets. Dr. Garrison says that the whole town of Salmon City, and practically everybody in the county, has been exposed.

When the authorities learned of his presence there, a meeting of the town board was held and it was agreed that the quarantine regulations should be placed in effect at once. Members of the council are acting as policemen, and five additional patrolmen have been engaged to see that the rules are obeyed. The proprietor of the stage line, the only means of communication the only means of communicatio with the outside world, has agreed not to carry any persons from the town, unless they can show a clean bill of health. He will also refuse to carry mail from houses where there is the least suspicion that the disease exists. Christmas Festivities Off.

Dr. Garrison says the town is dead, and all Christmas preparations have been abandoned. The proprietor of the stage line estimated that his business

stage line estimated that his business had been damaged to the extent of at least \$3,000 by the presence of the epidemic, and merchants of the town have suffered in the same way. Dr. Garrison thinks the physicians were in earnest when they diagnosed the cases as Manila itch. Only one of them had ever seen a case of smallpox, and that was during the civil war.

The disease had its start from a man who went to Salmon City from Idaho Palls in September to visit his fatherin-law. He had been there only a short time when he developed a case, which was rapidly communicated to members of the family. Partially recovering, he started on a trip through the county with a threshing machine scattering the disease. A waitress caught it in town from the family first infected, and from her the rest of the town was infected.

There was little vaccine in Salmon City and it was soon used up. A large supply has been sent for, and the entire town is to be vaccinated.

When the first death occurred the people began to think that if it was not smalpox it was something equally as dangerous, and consequently the undertaker had a hard time finding some one to assist him in burying the victim. Several of the first cases to assist him in burying the victim. Several of the first cases were very severe, but subsequent ones are light Dr. Garrison thinks that in a few weeks Salmon City will be ready to again communicate with the outside world.

There is absolutely none better than the Everett Hardman Indivis & Co. the Everett, Hardman, Ludwig & Co. and Harvard pianos. Besides, we sell a number of other makes ranging in price from \$175 upward, and have sold good organs for \$15 to make room for other goods. All of this the public has taken advantage of and we were very fortunate that we bought as many planos as we did, or we would certainly have sold every instrument on hand. Due to this fact, we still flave a good stock to make a selection from. We are at only one disadvantage and we are at only one disavantage and that is we have no cheap pianos on hand, so, in order to take care of our customers, we are compelled to sell High-Grade Pianos for the same price we ordinarily sell the cheaper pianos for, and a visit to our store will prove that we are offering a better piano. that we are offering a better plano for less money and on easier terms than any other dealer, or we would not be selling from three to five instruments a day, as we have done during the past ten days.

SMITH'S HEAVY SENTENCE.—Joseph Smith, the young man who, on Monday, offended the peace and dignity of the state of Utah, and disturbed the quiet calm which habitually hovers in the vicinity of the city hall, will not offend again, at least for seventy-five days. He appeared in the city court yesterday afternoon and was found guilty of drunkenness. disturbing the peace, using abusive language, threats, destroying property, and last but not least, resisting an officer. A. Sweet. De Shazzo hasn't been out of trouble, except for short periods, since his arrest for desertion from the army. The last time he was suspected of holding up a saloon and attempting to kill Deputy Sheriff Tom Lewis. He proved an alibi in this case, producing evidence that he was at work on a chicken ranch in Davis county when the crime was committed.

## FAVOR PLANS OF CONSOLIDATION

Irrigation Companies Approve Government Aid Scheme.

TWO MEETINGS YESTERDAY

COMMITTEES APPOINTED TO FORMULATE PLANS.

Overtures for an amicable adjustment of the differences growing out of the irrigation problems are progressing swimmingly. Two enthusiastic meetings yesterday testify to the interest manifested in the proposed plans of the government to redeem the arid tracts of the west. Although the parties interested in the waters which feed and drain Utah lake have been at variance for years, it looks now as if they will reach a satisfactory understanding without resorting to the

courts.

Both of yesterday's meetings were beld in the office of Angus M. Can-non. The first meeting was called at 11 o'clock, but it was impossible to finish the work at hand and another session was held at 2 o'clock. Both sessions were private and the second one continued until nearly 5 o'clock. The first meeting was held to discuss The first meeting was held to discuss plans for harmonizing the interests of the canal companies, which draw water from the Jordan, and the individual

ter from the Jordan, and the individual property owners, who divert the streams which feed Utah lake, the headwaters of the river.

Plans for consolidating the interests of the canal companies were also discussed. There has been considerable reluctance on the part of the companies to entertain the idea of a merger, but if anything is accomplished in the way of enlisting the aid of the government in imprisoning the waters of Utah lake this will have to be done. Attorney Franklin S. Richards was present at the meetings as a disinterested party in promoting the irrigation plans.

Mr. Richards' Argument.

Mr. Richards' Argument.

The canal companies were represented by the following delegates: Utah & Salt Lake Canal company, Peter Larsen, S. M. T. Seddon; South Jordan company, Angus M. Cannon, Lewis Binghurst: East Jordan Irrigation company, J. W. W. Fitzgerald, W. B. Ennis; North Jordan Canai company, W. H. Haight and A. J. Hill. Attorney Richards addressed the meeting. It was very evident that he had an unsympathetic ardience when he commenced. The icy atmosphere of the meeting melted away before he had spoken very long, and when the session adjourned the members were not only converted to the proposed plans of consolidation, but the utmost enthusiasm prevailed. Mr. Richards' Argument. revailed.

Perhaps no person in the city is better posted on the local subject of irrigation than Mr. Richards. He has handled the question in one way or another either as city attorney or as counsel for the individual companies, and he was instrumental in bringing about the companies are recommended. and he was instrumental in bringing about the compromise agreement under which the various parties interested in the irrigation controversy have been working. He explained the benefits which would accrue to the state with government aid, and said that the government would have to deal with one body if any progress were made.

Act in Concert.

The only way to act in concert was to merge the interests of the compa-nies, and the benefits resulting were Thousands of beautiful gifts at 25c, worth many times the amount. Johnson's New Store, 1 Main street.

The street of the december of the delegates acknowledged that their apathy resulted through a mistaken idea of the situation. When the subject was made clear they manifested their entire willingness to act in harmony with citizens who are trying to secure for Utah the benefits of husbanding the waters of the state by the propesed system of government reservoirs. Plans were discussed for working out

the matter of consolidation, and the following sub-committee was appointed for the purpose: Apgus M. Cannon, Colonel E. F. Holmes, Abraham F. Doremus, W. H. Haight, H. M. Saddon, J. W. W. Fitzgerald and F. S. Richards. This committee met in the afternoon to discuss questions and formulate plans for financing and officering the merger. A permanent organization will be effected at a meeting to be held Friday morning.

Personal Mention.
